AIS PRICING FOR 2008-09

Each AIS course is priced based upon the number of sessions and number of classrooms per grade level. Use the charts below to find the cost for each course you have selected (i.e. Visual Arts, Performing Arts or New Media). If you want the same course for different grade levels, please list each separately (see example below)

Most prices include all materials fees, but a few AIS courses have additional special costs (see course descriptions). We will calculate these costs in processing your application and contact you with a final program price.

If you request additional programming (assemblies, in-services, etc.) these costs will also be calculated once your application is received.
