

Youth in Arts Program Offerings

Information about specific artists/ensembles and art forms may be found on our website.

RESIDENCIES

Each AIS/VSA *arts* course is priced based upon the number of sessions and classrooms per grade level. Use the charts below to find the cost for each course you have selected (i.e. Visual Arts, Performing Arts or New Media). If you want the same course for different grade levels, please list each separately. Please note that a few courses have additional special costs. Prices below include most supplies and one planning meeting with teachers and the artist.

For more than 5 classrooms in any art-form, add the cost for additional classrooms to the price for 5 rooms. For example: If you have 8 classrooms in 3rd grade, add the price for 3 rooms to the price for 5 rooms.
